

# 10th Grade Hospitality House Fieldwork

Tuesday, March 12th

## Overview:

The 10th grade will visit the Hospitality House as part of their Surviving and Thriving Learning Expedition. The Hospitality House is a nonprofit community shelter serving homeless Nevada County residents. Students will tour the facilities and interact with staff as well as individuals receiving services from the Hospitality House. In addition, the Hospitality House has a very successful culinary program that students will work with to help prepare the food that will be served for lunch and dinner the day we visit the shelter.

Hospitality  
House

## Targets:

This experience will be guided by the following learning and character targets:

**LT:** I can develop a shared understanding and empathy for homelessness in Nevada County.

**CT:** I can demonstrate integrity and curiosity when working with experts and others that are giving their time and energy in support of this experience.

## Logistics:

Students will be transported to and from SAEL by bus. Students will be provided lunch by the Hospitality House. Students with dietary concerns should consider bringing their own lunch.

Please sign and return the waiver
